

AF611

FULL-TOUCH FRONT-LOADING DISHWASHER - TOTAL POWER 5 KW

PRODUCT DESCRIPTION

PREMIUM FINISHING

Stainless steel structure 18/10 AISI 304. Double-skinned balanced door. Wash tank with rounded edges and inclination, thus ensuring the complete drainage of dirty water.

Stainless steel upper and lower wash and rinse arms.

Stainless steel surface filter in the tank for collecting solid waste.

Temperature thermometer. Possibility to change the cycle parameters.

The programmable **THERMOLOCK** system ensures that the rinsing cycle starts only at the temperature of 85°C: the ideal temperature for strongly reducing the bacterial load.

Standard equipped with built-in rinse aid dispenser for the best drying results. **Standard equipped** with built-in connection for detergent dispenser.

Standard equipped with the connection for the WiFi module.

Wide range of options available **on demand**. **Standard equipped** with a basket for plates and a basket for cups.

Featuring the most refined design, well identified by their touch screen display and rounded and smooth internal shape.

Double water filtration system with stainless steel filters helps you in keeping water cleaner for longer. 20% less water is needed in the washing tank as compared to the model AF56 for energy and detergent savings.

HD Full-Touch display with colored icons, the most intuitive and easy to use.
